Why doesn't Mansfield have a water park yet?

Dear Mayor,
my name is _____ and I am from Mansfield Primary School. I am in grade two and these are some reasons why we should get a water park.

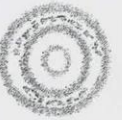

First, all kids want a water park in Mansfield. They could all splash around and have fun!

Second, we all need a place to cool down at. When it is summer it would be very hot.

Third, I have been to a water park before and it was awesome! I went under a huge water bucket and I loved it! I am sure that everyone would love that.

That is why Mansfield should have a water park.
