### Purpose/Objective

This policy sets out the guidelines and principles that need to be followed by Council officers when naming a road, feature or locality within Mansfield Shire's boundaries.

The naming of roads, features and localities is important for public safety and to identify locations for managing emergencies and delivering goods and services. Names make a landscape easy to refer to and capture patterns of settlement. Names are necessary for orientation, communication, service delivery, map and atlas production, emergency response and natural disaster relief.

The State government released the Naming rules for places in Victoria – Statutory requirements for naming roads, features and localities – 2022 (Naming Rules). The Naming Rules are the statutory requirements under the Geographic Place Names Act 1998 for all naming authorities to follow in nominating or considering a name of a road, feature or locality in Victoria (see Attachment 1). Mansfield Shire Council (Council) is a naming authority for roads, features and localities within its municipal area and is required to apply the Naming rules.

### Policy Statement

This policy provides a system of ensuring roads, features and localities within the Shire are appropriately named and recorded in a consistent manner and in accordance with the Naming Rules.
