Mary Dunn,  
President Delatite Valley Association

11<sup>th</sup> March 2026

Dear Mary,

At the March General Meeting of the Glenroy-Merrijig Brigade, members overwhelmingly agreed to accept the generous grant offer from the DVA, which became available when the Carters Road, Goulburn Valley Water project did not proceed.

The grant provides an opportunity for the Brigade to have a mural painted on the Station exterior, which would enhance our beautification program, and add further interest to the Station site. This mural would also be a visual highlight for visitors entering the village of Merrijig.

In accepting the grant, the Brigade gives consent for a mural to be painted on the Glenroy Merrijig CFA shed. The Brigade understands it will determine the placement and design of the mural. It is anticipated that the design would reflect the Brigade's history and community involvement over the past 100 years.

In closing, on behalf of the Brigade, I sincerely thank both the DVA and Mansfield Shire Council for providing this wonderful opportunity for the Glenroy-Merrijig Brigade, to become involved in this unique project.

Kind regards,

Denise Findlay  
Secretary  
Glenroy-Merrijig Rural Fire Brigade
