Concerning the Proposed re-numbering of Ultimo St

The public's opinion, from the petition we got signed, says that instead of re-numbering Ultimo St; one idea would be to number the new units being built behind 33 Curia St - 'A + B' - just like all the other units in Curia St.

OR Why can't 'Ultimo St', from High St to Curia St be re-named something else. That would be so much easier on the Ultimo St residents; saving them a lot of stress and financial cost in changing addresses.

From High St to Curia St; No-one goes under the address of Ultimo St. It is either High St or Curia St.

One of the residents in Ultimo St, wrote a letter giving his opinion about this proposal on Tuesday October 16<sup>th</sup> 2018, tried using the Online E-governance Engagement Portal went to send it and it came up 'rejected'.

All the signatories that are on our petition all felt very strongly about this proposed re-numbering of Ultimo St -

— The Alternative to changing numbers in utimo. Street is to number the units 33 A-B or more Utimo Street sign up to Curia St and rename street. Cause the houses and units are addressed High St and or Curia St
