Dear Alex,

**Proposed Special Charge Scheme – Road Construction and Sealing Kitchen Street  
Bonnie Doon.**

I understand this proposed development is based upon shared benefit between council and the property owner. [redacted] does not have the capacity to contribute to this project and [redacted] are unable to allocate any budget for this work in the foreseeable future.

I can therefore not justify support for this project in Kitchen Street Bonnie Doon, as funds would have to be diverted from other areas such as firefighting equipment or personal protective clothing.

Yours sincerely,
